### **DETAILED ACTION**

This is a remailing of an action which was counted on 04/06/2009, but was lost before mailing.

Receipt is acknowledged of the information disclosure statements filed 01/21/2009, 04/15/2009 and 03/24/2010.

The following rejection is maintained in this action:

#### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1 and 14-22 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Applicant sets out biologically active macromolecules which are selected from a group consisting of a polypeptide, polynucleotide, polynucleoside, an antigen, a pharmaceutical, a hormone, an enzyme, a transcription or translation mediator, an intermediate in a metabolic pathway, an immunomodulator, and an adjuvant". The metes and bounds of the claims are unclear because many of the members of this

group overlap. Several may be antigens, Hormones and enzymes are polypeptides. Enzymes may be intermediates in a metabolic pathway. .These are examples of the lack of clarity in pointing out the invention. Clarification is requested.

***Allowable Subject Matter***

Claims 2-6, 8-10, 12, 23-33, 55-70 are allowed.

***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
